PROFILE

Frontend Developer with 2 years of experience building responsive, user-focused web interfaces with hands-on experience in CRO and A/B testing. Experienced in A/B test development, experiment implementation, UI/UX optimization, and QA testing. Skilled in developing responsive test variations using HTML, CSS, JavaScript, and modern frontend technologies. Also experienced in using AI-assisted tools for code exploration, debugging, optimization, and development support.

WORK EXPERIENCE

May 2024 - Dec 2025

ExpoGrowth

Frontend Developer | CRO & A/B Testing

A/B Implementation: Developed frontend variations for client websites using HTML, CSS, JavaScript, Bootstrap, and jQuery, based on experiment requirements and approved designs.

E-commerce & UI Development: Worked on homepage, product pages, cart and purchase experiences, including cart upsells, mini-cart features, navigation menus, mega menus, tabs, product selectors, promotional sections, banners, and CTA layouts while maintaining responsive design and existing website functionality.

Forms & Application Interfaces: Implemented form and application layouts from approved designs, including mobile layouts, scrolling sections, sticky elements, and existing form functionality.

Experiment Setup & Implementation: Implemented frontend variations in VWO, Optimizely, and AB Tasty, ensuring designs, interactions, and functionality worked as required.

API Integration: Worked with REST APIs, JSON, and existing frontend logic to support dynamic product content, pricing, cart updates, and interactive components.

Single Page Applications: Worked on single-page applications with dynamic content updates, interactive UI components, and API-based functionality.

Testing & Debugging: Performed manual testing across different devices and browsers, checking UI, functionality, and responsiveness.

TECHNICAL SKILLS

A/B Testing Tools: Optimizely, VWO, AB Tasty

AI-Assisted Development: Claude, ChatGPT, Gemini, Google Antigravity

Frontend Technologies: HTML5, CSS3, Javascript, Bootstrap, Tailwind CSS, jQuery

Backend & Database: PHP, MySQL, REST APIs, JSON

Testing & QA: Manual Testing & Cross browser testing

Other Tools: Trello, Jira, Git, GitHub, VS Code, Figma

EDUCATION

Bachelor of Computer Application (BCA)

Indira Gandhi National Open University | July 2023 – July 2026

Senior Secondary (Class XII)

Holy Angel Public School | 2023

PROJECTS

Mobile Shopee – E-commerce Website

- Built and hosted a responsive e-commerce website with product, cart, wishlist, blog, and admin features. Integrated PHP & MySQL for dynamic data, authentication, and CRUD operations.
