PROFILE

Frontend Developer with around 2 years of experience in building responsive, user-friendly web applications and Conversion Rate Optimization (CRO) solutions. Experienced in HTML, CSS, JavaScript, WordPress, and responsive web development. Skilled in translating Figma designs into pixel-perfect interfaces, implementing A/B testing experiments, optimizing user experiences, integrating APIs, and delivering high-quality solutions for international clients. Passionate about writing clean, maintainable code and continuously learning modern web technologies.

WORK EXPERIENCE

Frontend Developer

- Developed responsive web applications using HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, and jQuery.
- Built and maintained Conversion Rate Optimization (CRO) and A/B Testing experiments for international clients.
- Converted Figma designs into pixel-perfect, responsive, and production-ready user interfaces.
- Developed reusable UI components to improve development efficiency and maintain design consistency.
- Integrated REST APIs and dynamic JSON data into frontend applications.
- Optimized website performance, loading speed, accessibility, and cross-browser compatibility.
- Worked on e-commerce projects including checkout optimization, shopping cart redesign, product pages, navigation systems, and form optimization.
- Performed Manual QA Testing, Cross-Browser Testing, debugging, and bug fixing before production deployment.
- Maintained clean, reusable, and well-documented code using Git and GitHub for version control.

COMPANY NAME - EXPO GROWTH

Location - Talla Chenna Khan Almora , Uttarakhand

EDUCATION

Bachelor of Computer Application (BCA)

July 2023 – July 2026

University – Indira Gandhi National Open University

Higher Secondary (12th)

Year of Passing : 2023

School Name : Holy Angel Public School (HAPS)

Board Name : Central Board of Secondary Education (CBSE)

Percentage: 75%

Secondary (10th)

Year of Passing : 2021

School Name : Holy Angel Public School (HAPS)

Board Name : Central Board of Secondary Education (CBSE)

Percentage: 84%

KEY SKILLS

Programming Languages

- JavaScript
- PHP

Data Formats & APIs

- JSON
- REST APIs

Development Tools

- VS Code

Project Management Tool

- Trello

Frontend Technologies

- HTML5
- CSS3
- Bootstrap
- Tailwind CSS
- jQuery
- Responsive Web

Design

- WordPress
- React.js

Design Tools

- Figma
- Canva

Database

- MySQL

Version Control

- Git
- GitHub

Additional Skills

- Manual QA Testing
- Bug Reporting
- Cross-Browser Testing
- Debugging

Soft Skills

- Problem Solving , Team Collaboration , Attention to Detail , Adaptability , Time Management , Continuous Learning

ACHIEVEMENTS

- Developed multiple Conversion Rate Optimization (CRO) experiments for international clients.
- Successfully implemented responsive A/B Testing experiences across desktop and mobile devices.
- Delivered pixel-perfect frontend implementations from Figma designs.
- Built reusable UI components that improved consistency and development efficiency.
- Worked on checkout optimization, shopping cart redesign, dynamic forms, and product listing page enhancements.

PROJECTS

Mobile Shopee – E-commerce Website

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a responsive e-commerce web application as part of a college academic project.
- Designed and implemented user-friendly interfaces using HTML, CSS, and JavaScript.
- Developed backend functionality using PHP and MySQL for product management, user authentication.
- Connected the frontend with the backend using PHP and MySQL to manage dynamic data.
- Focused on responsive design, form validation, and an intuitive user experience.

Professional Projects

1) Checkout Experience Optimization (A/B Testing)

- Developed a responsive checkout flow with dynamic payment selection and optimized user experience.
- Improved mobile responsiveness and implemented CRO-focused UI enhancements.

2) Sliding Mini Cart Redesign (CRO)

- Developed an API-driven sliding mini cart with dynamic product updates and quantity management.
- Enhanced cart usability and improved the shopping experience through responsive UI implementation.

3) AirDoctor Product Page Redesign (A/B Testing)

- Developed responsive A/B testing variations from Figma designs with pixel-perfect implementation.
- Optimized product pages using reusable UI components and ensured cross-browser compatibility.

4) Course Guide Download Module (CRO)

- Developed dynamic brochure download modules with personalized course content.
- Built responsive single-step and two-step forms to support CRO experiments and lead generation.
